Stimulation

**escape**

16 0 1

Chapter 1 by Gyro

They thought I couldn't escape well they were wrong very wrong. There were a few flaws in my plan and a couple close and I had a lot of luck but I did and the plan all started the one night they gave me something different. I live in a bland room devoid of color (or anything special) just a bed a water fountain and a bathroom. Robots gave me food every day and shut off the lights at what I think is about 9:00 p.m. for me to go to bed. But when they gave me steak inside of the normal chicken an idea sparked in my mind. I was going to change it up I was going to escape.
